

Disc scrubber driers

CT5 B28

Solution distribution from brush center avoids solution wastes.

LI-ION LITHIUM BATTERY

- 50 minutes autonomy.
- Long life time.
- Low maintenance costs.
- Fast and easy to recharge.
- Always ready for continuous use.

Brush, blades and suction hoses replacement without tools.

Vertical park position.

RDS: Reverse dry system (patent pending):

- Dry mode in reverse with RDS system.
- Handle can be adjusted during cleaning operation.
- Extremely easy and intuitive drying system with two squeegees.

Ergonomic and intuitive control panel.

Ergonomic hand grip for folding the handle, making it easy to carry the machine and easy to park it in vertical parking position.

Yellow operator maintenance areas. Brush with maximum consumption indicator

Easy to disconnect recovery tank to clean. Large tank opening for rising. Easy to fill - Can be filled either on machine or under water tap

Technical characteristics

- Werktijd batterij: 50 min
- Autonomy water tank: 25 min Autonomy water tank: 25 min
- Easy to disconnect recovery tank to clean. Large tank opening for rising
- Made for professional use:
 - Plastic parts with long life.
 - Tanks in great thickness high density polyethylene.
- New drying system (patent pending) with perfect drying in every direction - dries forward and backward thanks to a supplementary squeegee at the front side.
- Adjustable multiposition handle - handle can be adjusted during cleaning operation

The Li-ion battery can be recharged in just 1 hour, this both directly on board as via an external charging station. Optimisation of working time.

Models

Code	Model	Scrubbing width (mm)	Squeegee width (mm)	Productivity (max speed.) (m ² /h)	Brushes no.	Solution tank (l)	Recovery tank (l)	Power supply	Weight (Kg)	Dimensions (LxVxH) (mm)
3.126.005	CT5-B28	280	375 / 386	900	1 (disc)	5	5	Li-ion 36 V	19,8*	758x376x392 (parked)

*Li-ion battery (3.8006.KTRI06041) and charger (3.8006.BACA00263) included.

Accessories

Art.-Nr.	Standard
3.8006.SPPV02438	Nylon brush PPL - standard
3.8006.KTRI06090	Kit squeegee blades (Latex) for front and rear squeegee
3.8006.KTRI06000	Complete kit for front squeegee (frame + blades)
3.8006.KTRI06001	Complete kit for rear squeegee (frame + blades)
Art.-Nr.	Optional
3.8006.SPPV02582	Pad holder
3.8006.SPPV02583	Standard pad WHITE - 11" (280 mm) - 5 pcs.
3.8006.SPPV02584	Standard pad RED - 11" (280 mm) - 5 pcs.
3.8006.SPPV02585	Standard pad GREEN - 11" (280 mm) - 5 pcs.
3.8006.SPPV02586	Standard pad BLACK - 11" (280 mm) - 5 pcs.
3.8006.KTRI06091	Kit squeegee blades for front and rear squeegee (oil-resistant)
3.8006.KTRI06092	Kit squeegee blades for front and rear squeegee (linatex)
